The Business Continuity Plan (BCP) will help ensure cooperatives in dealing with unexpected events and disruptions and minimizes their impact on the cooperative's operations and its members. It will help the cooperative maintain its services, minimize financial losses, and protect its reputation. A well-designed BCP outlines the steps that the cooperative will take to reduce the impact of disruptions and continue its operations, and identifies critical resources, processes, and systems that need to be protected. For 2022, 75/104 cooperatives were made aware of its importance and were assisted to prepare their own BCP.

COOPERATIVE PROMOTION AND ADVOCACY

A. 9th Annual Kooplympics Jungle Edition

This year's Regional Cooperation Month Celebration event the 9th Kooplympics 2022 Jungle Edition was hosted by PCEDO – Zambales at Camp Kainomayan, Brgy. San

Juan, Botolan, Zambales last October 20 was joined by participants from Central Luzon Cooperatives.

Pipeline Game, Ball on a Web, Snake Game, Fill me up Game, Worm in the River Game, The Grand Obstacle, and The Search for Tarzan ang Jane were the featured activities in the event. The Cooperative Development Division (CDD) worked diligently in identifying the contestants of Bataan as well as participating in the activities. The Province won 1st Place in the Ball on a Web and in the Grand Obstacle, while the representative for Jane won 3rd Place.

STRENGTHENING COOPERATIVES

A. Assisted on the Registration of Cooperatives and Annual Reports

April 12-13, 2022

Cooperative Assessment and Information System (CAIS) Orientation Seminar 4th flr. Conference room, The Bunker, Capitol Compound

The Cooperative Development Authority (CDA) has issued Memorandum Circular 2022-19 where cooperatives are required to submit their annual mandatory reports through CAIS for the renewal of their Certificate of Compliance.

A 2-day seminar was held to accommodate 2 batches of compliance officers in Bataan. This seminar aimed to orient participants on what to do and how to use the CAIS. PCEDO has also offered to assist them in the online submission through the e-Coop Corner located at the office.

The e-Coop Corner also serves as a hub for registration through the Cooperative Registration Information System (CoopRIS). A total of six (6) new cooperatives have been registered with CDA last 2022.

September 09, 2022 – Transport Consultative Meeting

November 16, 2022 - Transport Consultative Meeting: FETCOB Interim Officers

PCEDO continuously supports the transport sector in the province through various meetings, consultations, and mediations with the presence of Land Transportation Franchising and Regulatory Board (LTRFB), Cooperative Development Authority (CD), Metro Bataan Development Authority (MBDA) and other agencies. The agendas were mostly on the formation of the Federation of Transport Cooperatives in Bataan, consultative meeting with different agencies regarding the common terminal and mediation proceedings between transport cooperatives regarding their route.

The contract between transport cooperatives and Park Solutions Inc. (PSI) was finalized during the Bataan Transport Forum. With this, PUJs were able to utilize the Common Terminal of SM.

The transport sector is also focused on the preparation of the LPTRP of Bataan with the assistance of PGB Consultant on Transportation former DOTr Assistant Secretary Elvira Medina, the Provincial Planning and Development Office and the MBDA.

PCEDO in partnership with other government agencies, is at the forefront of growth and development in the local government unit as far as Micro, Small and Medium Enterprises (MSMEs) are concerned. Part of PCEDO's mandate is to establish and maintain an accurate and reliable database for MSMEs and keep it organized and updated. This information not only serves as guide to monitor the development of the sector but a useful reference for planners, business research and sound basis for decision making.

E. PROVISION OF FREE LABEL DESIGN AND PRINTING SERVICES TO MSMES

As of December 2022, a total of 17 MSMEs benefited from this program. The Label Design and Printing Services of PCEDO aims to improve the current label design of Galing! Bataan products to compete with the present market trends and strict consumer preference.

F. 1BATAAN HANDICRAFT INDUSTRY ECOSYSTEM

ESTABLISHMENT AND OPERATIONALIZATION OF HANDICRAFT PRODUCTION CENTERS (PHASE 2)

Harvesting and working with the capiz shell has become a signature handicraft in the Municipality of Samal where capiz shells grow abundantly. Capiz shells are ideal materials for furnitures and home accessories. Also, to complement with the established Basket Weaving Project in Bagac, a Metal Fabrication Center was established in the Municipality of Orani. Metal frames are essential materials for baskets and capiz products.

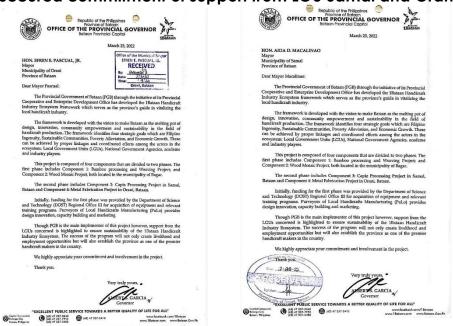

The establishment of Capiz Production Center in Samal and Metalcraft Fabrication in Orani would significantly contribute to the growth of local handicraft industry in the province. These projects would provide sustainable livelihood and job opportunities for the local community and will propel the development of the handicraft industry in the province.

Beneficiaries:

- Samal Capiz Handicraft Makers Association
- Tagumpay Metalcraft Fabricators Association

Project Activities

Secured commitment of support from LGU Samal and Orani

The Provincial Cooperative and Enterprise Development Office headed by Ma'am Zena E. Sugatain together with DTI Samal Negosyo Center Business Counselor Ms. Amie Santos had a meeting on July 11, 2022 with Mayor Alex Acuzar regarding the provincial partnership with Samal to reignite and reinforce the Capiz Industry in the municipality. With job generation and competitive Capiz product development at the helm of the program, Mayor Acuzar expressed his full commitment in supporting economic development in his municipality through livelihood programs. He also expressed his intent to strengthen support to MSMEs by providing easy access on mayor's permit & business registration requirements for new businesses, efficient support on the rehabilitation or construction of service facilities, and reliable technical support on business monitoring of the makers.

With Samal being the primary source of Capiz shells in the province, PCEDO's 1Bataan Handicraft Industry Ecosystem assists Samal Capiz Handicrafts Makers Association in their production and business development. Mayor Acuzar on the other hand, ordered a quick renovation of their current production area. DTI Samal Negosyo Center is also assisting their business linking for promotions and market development.

Among all efforts consolidated, Mayor Alex Acuzar of the Municipality of Samal and the Provincial Government of Bataan through PCEDO agreed to treat this program with a longer foresight that what we are creating are building blocks towards a sustainable, self-reliant, and resilient Capiz makers of Samal. This is why sufficient training and operational business development will be highly prioritized to ensure that the 1Bataan Handicraft Industry Ecosystem in Samal does not only create beautiful Capiz handicrafts that represent Bataan's finest makers but is also a strong driver in the economic improvement of the province with it's employment and business generation ability.

Also, LGU – Orani through Ms. Cherrylou Tiongson, Orani Municipal Cooperative and Enterprise Development Officer gave their intent and full support, involvement and commitment to the project.

Organizational Strengthening of Project Cooperators/Beneficiaries

One of the most significant activities in the Establishment of Handicraft Production Centers is the organizational strengthening of project beneficiaries. Our approach is built on understanding the organization, its people and their work, and facilitating a collaborative process to assess the needs of the organizations and their capacity to absorb change and improvements. Strengthened organizations in the local communities are more effective agents of change. This makes the impact of their work, as well as their operations, sustainable in the long run.

To be able to facilitate organizational strengthening of the project beneficiaries, the Provincial Cooperative and Enterprise Development Office conducted series of coordination and meetings with them.

MEETINGS WITH PROJECT COOPERATORS

Meeting with Kaliwanag RIC, one of the existing capiz handicraft manufacturers in Samal

Meeting with Samal Capiz Processors at Samal Negosyo Center, it was participated by Samal Capiz Processors, Negosyo Center – Samal Business Counselor and facilitated by Mr. Eduardo C. De Mesa of PCEDO together with Ms. Ana Bernardo, IBHIE Consultant.

Meeting with Tagumpay Metalcraft Fabricators at Tagumpay, Orani facilitated by Mr. Raymund Macomis of PCEDO together with Ms. Ana Bernardo, IBHIE Consultant.

In pursuit of strengthening the foundation of the makers under the 1Bataan Handicraft Industry Ecosystem, the Provincial Cooperative and Enterprise Development Office conducted a briefing to Samal Capiz Handicraft Makers Association and Tagumpay Metalcraft Fabricators Association on the Organizational structure building and policy making. The 1BHIE program's main feature is the handicraft produced by the makers but we also believe that in order to create good products and self-sustaining production models across the chain, we must strengthen the association's organization first. This is why despite the associations' early founding stages, PCEDO keeps close coordination to ensure that the early formative steps are properly laid out. The program believes that the community building deeply embedded into the craft of making handicrafts relies on a long foresight but in order to not lose it, we must implement policies that always keep our values in line.

Turn Over of Equipment to Project Cooperators/Beneficiaries

The Provincial Cooperative and Enterprise Development Office (PCEDO) led the Turn-over of Tools, Equipment and Materials to the 1Bataan Handicraft Industry Ecosystem Beneficiaries on June 9, 2022 at the Bunker Building, Capitol Compound, Balanga City. The project involves provision of necessary equipment and training programs to identified handicraft makers in the province.

Below is the list of turned-over tools, equipment and materials:

ITEMS/DESCRIPTION	QTY
Component 3:	
Metal Fabrication	
Band Saw	1
Band Saw Blade	1
Angle Grinder	3
Cordless Straight Shear	1

1BHIE Component 3: Metal Fabrication

Project Beneficiary: Tagumpay Metalcraft Fabricators Association

Project Site: Tagumpay, Orani, Bataan

1BHIE Component 4: Capiz Processing Project

Beneficiary: Samal Capiz Handicraft Maker

Project Site: Samal, Bagac, Bataan

Skills Training for the Project Cooperators/Beneficiaries

To complement with the provision of supplies and equipment for the 1Bataan Handicraft Industry Ecosystem project beneficiaries, the Provincial Cooperative and Enterprise Development Office tapped the expertise of Mr. Edilberto Delos Santos, a well-known capiz artist from Samal, Bataan.

On July 15, 2022, a Skills Training on Capiz Handicraft Production was conducted for Samal Capiz Handicraft Makers Association held at San Juan, Samal. Through this training, the participants were able to gain knowledge and skills on making capiz goods. Mr. Delos Santos demonstrated the processes from materials preparation, metal binding up to finishing.

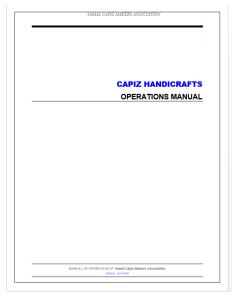

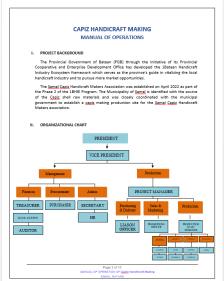

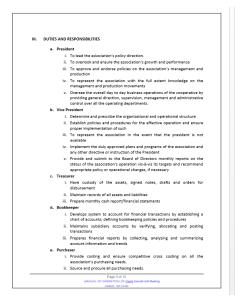

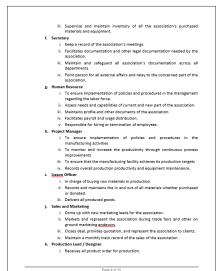

From this training and with the continuous developmental assistance of PCEDO together with the actors in the handicraft ecosystem, we are with high hopes that the organization would be able to make its brand that produces export quality home decors, lamp shades, lanterns, fashion jewelries, shell tiles, wall panels and more products made out of capiz shells.

Prepared Manual of Operations

A. DATA GATHERING FOR 1BATAAN SMART BUSINESS DIRECTORY

"WHERE" is a mobile application, where information regarding the Province of Bataan, such as tourist attractions, tourist spots, food establishments, and other real-time news and information will be featured. The application is now available for download on Apple App Store and Google Play Store.

Conducted data gathering in the Municipalities of Hermosa and Limay as continuous intervention for the 1Bataan Smart Business Directory (1BSBD) Project. The project features a comprehensive directory of registered and accredited businesses that provides convenience of access to products and services, real time news and latest events through a mobile phone. This undertaking is expected to bring an up-to-date breakthrough in business marketing and promotion. It aims to offer new milestone in bringing our products and services within reach of target market beneficiaries.

A. CONTINUOUS GEO TAGGING OF MSMES FOR DISASTER - RESILIENT LOCAL ECONOMY

To create a more disaster-resilient local economy by providing authorities with accurate and up-to-date information about the location and status of MSMEs in the event of a disaster, PCEDO conducts continuous geo tagging. This helps to ensure that resources are deployed effectively and that MSMEs are able to recover as

quickly as possible. The information gathered through continuous geo tagging will also be used for other purposes such as urban planning, economic development, and market research. The ultimate goal is to promote a sustainable and resilient local economy in Bataan.

C. LAUNCHING OF GALING! BATAAN MARKETPLACE AT THE FOUR E-COM CENTER, MOA CAMPLEX, PASAY CITY

The Galing! Bataan Marketplace is the Province of Bataan's sourcing hub for products, services, and tourism, right at the country's capital. Located at 4Ecom Center in Pasay, Philippines, the marketplace boast a myriad of 21+ Bataan Products to represent the best of the province. These products range from Bataan's famous Cashew Nuts, Araro, Tinapa to the province's crafts like Capiz, Weaving, and Model Making. Bataan's best export products are also featured by the Freeport Area of Bataan.

The Marketplace is also where culture and community merge with the crafts. Tourism information and other Bataan services can be accessed inside the Marketplace via the 1Bataan Directory App. A quick tour around the marketplace will give you a sense of what is Bataan - a province rich in history and is beaming with modern possibilities today.

The Galing! Bataan Marketplace is not just a retail concept, it is place where Bataan's Craft, Culture, and Community converge to show all its visitors what makes Bataan, one. The marketplace was launched on November 18, 2022 through the collaboration of the Provincial Government of Bataana, Bataan-Baseco Joint Venture, Inc., Bataan Chamber of Commerce and Industry, Inc. and Cloudtech Advertising.
