# BPML: BATTLE OF BATAAN GALLERY

The Gallery aims to add to the significance of the Battle of Bataan. From being known as a site of 'brave struggle', we want Bataan to be seen as contemporary symbol of persevering hope. It aims to reveal the humanity exemplified by people, regardless of nationality, during the Battle of Bataan, by presenting stories of generosity, hope, love, as well as fear, and humor. This approach is meant to inspire the audience to persevere in their own contemporary battles while promoting pride of place for Bataan.

It was inaugurated last April 8, 2022.
